

Mining & Production

Make your own stuff. For Derroy's sake.

- [Atmospheric Condenser](#)
- [Mining Rig](#)
- [Automatic Miner](#)

Atmospheric Condenser

Cost $\square 8 \diamond 2 \nearrow 2$

An atmospheric condenser and portable shipyard workshop. Produces $\square\square 2$ per week, and allows modification of the ship while it is not in a shipyard.

Mining Rig

Cost ☐12 ☐3 ☐3

A sizable laser drill and tractor beam setup that allows the collection and refining of identified mineral nodes, processing them into ☐ or ☐ depending on the material.

Automatic Miner

Cost $\square 16$ $\diamond 4$ ≤ 5

Automatically collects $\square 1$ every week, straight up. **1d20 chance to get** $\diamond 1$ instead.
